

Back to the Altar Review

(Introductory Lessons: Weeks 1 - 3)

In case you need a review, here's what we studied in the first three sessions.

- **Week 1: Preparing for revival.** The first week we studied Joel 1 and 2. We talked about our need for the Holy Spirit to break our hearts to help us prepare for revival.

Reflection Question: Have you been asking God to prepare your heart for revival? Is Joel 2:13 becoming a reality in your life? Are you putting away distractions? Are you taking more consistent unrushed time with Jesus? If so, how do you see God changing your life and heart?

- **Week 2: Worshiping Together.** We learned how God is calling us to rebuild our broken down altars of worship, both individually and as family. We were encouraged to worship God with praise and thanksgiving and to build others up with words of affirmation. We also received practical tips on how to have creative interactive worships with our family and friends.

Reflection Question: Are you finding yourself praising and worshiping God more? Are you seeing positive changes in your relationships as you seek to speak encouraging words that build up rather than words that tear down? Are you striving to have more consistent family worships?

- **Week 3: What it Means to be a Disciple.** We learned how the disciples dropped everything to follow Jesus, and how Jesus is asking us to step out of our comfort zone as we follow Him today.

Reflection Question: Since studying this lesson, have you taken a specific step of faith to follow Jesus, maybe in a way that you never had before? How do you hear Jesus calling you to be His disciple in new ways that are stretching your faith?
